BLISS

## O Eagle, ten years ago

you broke the shell of your egg . . .

As you grew,

your ever-expanding wings

have sheltered many . . .

who developed and learned with you.

By the way, Happy Birthday,

ten-year old

## IN MEMORIAM

MR. ROBERT DENISON

Life! we've been long together  
Through pleasant and through cloudy weather  
'Tis hard to part when friends are dear—  
Perhaps 'twill cost a sigh, a tear;  
Then steal away; give little warning  
Choose thine own time  
Say not Good Night but in some brighter clime  
Bid me Good Morning

*William R. Bawlin*

# ACTIVITIES

# STUDENT COUNCIL

Gail Weinberg, *Secretary*; Eric Moore, *President*; Al Glossbrenner, *Vice President*; Liz Cowgill, *Treasurer*; Mrs. Scott, *Advisor*

The Student Council is the only organization which represents the entire student body. Its various projects provide services for the school and the community, but, more important, its goal is the experience received by the students through working together toward the completion of these projects. This year's Student Council sponsored a record-breaking Booster Club membership drive, planned the successful homecoming election and dance, held sock hops after basketball games featuring "live" music, directed the elections for class and Council officers, and sponsored special projects of benefit to the students of Glenwood

**SENIOR MEMBERS**—*Row One*. Carole Miller, Barb Sheatzley, Linda Unkefer, Bonna James, Diane Lieber, Kathy Geosits, Marcia Opdenhoff, Kyle Polen. *Row Two*: Dan Dierdorf, John Rubis, Bal Whittington, Dave Helm, Skip Staley, Anders Boode, Rick Cohen, Bill Hogan, Randy Lemke, Brad Art.

## NATIONAL HONOR SOCIETY

Membership in the National Honor Society is granted to those students who have excelled in the traits of scholarship, character, leadership, and service. The faculty elects both junior and senior inductees, and an induction ceremony was held in March. Managing the paperback book store, ushering at graduation services, and taking charge of the freshman orientation are a few of the many services performed by members. Mr. Maurer, the advisor, and this year's members have again proven valuable to the school in their spirit of active service.

The production of an annual requires hard work and dedication of the staff. The book provides a record of sports, scholarship, club activities, and candid incidents. Our *Glea* staff spent at least one hour each day after school typing, drawing, and planning a book that will epitomize Glenwood activity.

The purpose of the French Club, as stated by its constitution, is to promote an interest in the language and culture of France. Throughout the year this purpose was fulfilled by programs of varying interest. A thriving interest in music was created at the annual inter-club songfest. This interest was previously shown when the club Christmas caroled at several area rest homes. A night of French fun and recreation was held in the library early in the spring when members attended a Monte Carlo party and French Olympics. As the year ended, a progressive dinner was held to honor seniors

## SODALITAS CLASSICA

The citizens of Latin Club are students who have taken at least two years of Latin. Sophomores in their second year of the language are slaves and are sold to the citizens at a very lively auction. Slaves must obey and serve their masters at all meetings, the most important being the annual banquet. This year the Roman banquet honored the god of war, Mars. Members also participated in the language club songfest and the Glenwood version of the Olympics. To climax the year, slaves were freed and everyone attended a modern dinner honoring the graduating seniors

# EL CIRCULO ESPAÑOL

The Spanish Club is presently in its third successful year at Glenwood. Its purpose is to stimulate interest in the culture and history of Spain and Mexico. It also helps to cultivate knowledge in the Spanish language itself. This interest is encouraged by specialty planned meetings such as a Spanish Christmas party, and interclub songfest, and the popular Mexican Fiesta.

The function of the Glenwood German Club is to maintain a spirit of active interest in the study of German language, people, and culture. Highlights of this year's activity included a panel of foreign exchange students, an evening of Christmas caroling, and a banquet. The year was climaxed by a Volkfest festival which was conducted just as it would be in Germany.

# EAGLE'S VIEW

Working industriously, the *Eagle's View* staff, its reporters, and members of the journalism classes link the student body with the news, activities, and events that make Glenwood all that it is. Printed monthly throughout the school year, the paper features a Christmas issue, the *Bird's Word* in April, and this year an extra proclaiming Glenwood's Federal League football championship.

## DRAMATICS

The goal of the Dramatics Club is to stimulate interest and a better understanding of the theatre on both sides of the curtain. The seventy active members once again livened the Little Theatre by handling all aspects in performing two major three-act plays. Other activities included trips to area college theatres, and a professional touring company, the chance to hear speakers, and entering the one-act play contest. At the end of the year, qualified members were inducted into the National Thespian Society.

## TEAHOUSE OF THE AUGUST MOON

## G.A.A.

In Girls' Athletic Association, girls are provided with an unique opportunity to participate in sports, have fun, make new friends, and exercise, all at the same time. This year the G.A.A. hosted a play-day in which eight other schools participated. A new sport, speedaway, was added to those played annually and offered a new challenge for all. Some of the special events this year have been a Mother-Daughter Banquet and a skiing party.

## STUDENT WRITERS

Student Writers Club is devoted to promoting the efforts of our student body in the field of creative writing. Every year the club publishes *Penfeathers*, a literary magazine composed of original stories, essays, and poetry by Glenwood students. This year they sponsored a literary contest, awarding prizes in several categories. Frequently, professional writers are guests at meetings, offering their helpful suggestions and criticism for amateur members.

The Glenwood Math/Science Club was established in order to give each interested student an opportunity to explore the modern applications of the science and math he is learning now. Discussions have been presented on subjects ranging from archaeology to U.F.O.'s. A representative from N.A.S.A. was invited to speak at one of the monthly meetings. Plans were started early in the year for a "College Bowl" type competition between the Glenwood Math/Science Club and that of a neighboring school. Students are invited to attend any meeting to which their interests draw them.

## MEDICAL ARTS

The newest of Glenwood's extra-curricular activities, the Medical Arts Club, was organized just this year and already is one of the most popular clubs. Composed of students who share a common interest in the field of medicine, this group has a varied program that investigates a large number of the infinite opportunities of the medical profession. Several of the monthly meetings featured guest speakers such as a veterinarian, Armed Forces nurses, and a tour was made of the Timken-Mercy Hospital laboratories. A spring banquet was planned to end the club's first year of activity.

## F.T.A.

Any ambitious student interested in any phase of the teaching profession will find the Future Teachers of America to be a fine opportunity to advance in this area. All facets of the teaching profession are investigated in the monthly meetings which include student teachers, special education teachers, and students speaking on the education in foreign countries. The year ended with a senior send-off banquet and the awarding of a scholarship to an outstanding senior member.

## TRI-HI-Y

Tri-Hi Y got an early start this year by introducing new members at a swimming party held in August. Since then, their series of activities has remained unbroken. Members have been kept busy by planning or executing the car wash, a second swimming party, and the annual Christmas formal. The regular meetings involved a wide variety of interests. Again this year, Tri-Hi Y has added a great deal to the social dimension of Glenwood.

## F.H.A.

This year the Future Homemakers Association had an interesting program called "Neighbors Near and Far" in which one of our exchange students participated. Their service projects were making favors for hospital trays and providing scrap books for Molly Stark Hospital. In the spring their programs centered on citizenship and safety. Another great year was ended by the Senior Send-Off dinner and the F.H.A. convention. Once again F.H.A. helped to better our community and school.

## A CAPPELLA CHOIR

Tradition mixed with novelty best describes the activities of the A Cappella Choir. This year the choir performed at various civic, community, and scholastic functions. Special programs included the Alumni Concert, an exchange weekend with another high school choir, and the Spring Concert. Many choir members participated in ensembles which were particularly active this year. Highlights of the choir's public appearances were the performance of "The Song of Christmas" and the Broadway production, *Where's Charley?*

## CONCERT BAND

*Seated:* Nancy Wood, *Secretary*; Mr. Mittleche, *Director*. *Standing:* Linda Spilios, *Treasurer*; Joe Menendez, *President*; Bill Whittington, *Vice-President*.

The band program at Glenwood High School provides all musically inclined students with an opportunity to further their musical education, and also prepare themselves for a more intensive study in the years ahead. The Marching Band, composed of 120 members, began preparations during the summer in order to provide an outstanding half-time show at every football game. They also represented Glenwood at the Stark County Fair, the Hall of Fame Parade, and the annual Carrollton Band Festival. There were two bands providing concert entertainment, the Concert Band and the Eagle Band, each made up of 76 students. They both appeared in the Winter and Spring Concerts and the Concert Band performed at the Band in the Round and the commencement services. Glenwood also has a Dance Band, directed by Mr. Vinci, which provides music at several area high schools each year.

charged with activity.

I listen to the Exhortation of the Dawn!  
 Look to this Day! For it is Life,  
 The very Life of Life  
 In its brief course lie all the Vortices  
 And Realities of your Existence:  
 The Bliss of Growth,  
 The Glory of Action,  
 The Splendor of Beauty;  
 For Yesterday is but a Dream,  
 And Tomorrow is only a Vision,  
 But Today well lived  
 Makes every Yesterday a Dream of Happiness,  
 And every Tomorrow a Vision of Hope  
 Look well therefore to this Day!  
 Such is the Salutation of the Dawn

## **Automatic Steel Products, Inc.** **means reliability!**

The steaming jungles of Vietnam and the largest commercial office building ever constructed are half a world apart. But in both places — and thousands of others over the globe — Automatic Steel Products are chosen for their reliability.

American helicopters operate in Vietnam with Canton-made clutches. Jeeps, trucks, and other military vehicles are equipped with generator pulleys and screw jacks made here. And in New York, the giant Pan American Building includes products made by Automatic Steel's recently acquired Spartan International and its subsidiaries.

The Canton Plants of Automatic Steel Products, Inc. produce 12 to 18 million Spun Steel Automotive Pulleys per year — more than any other manufacturer. The company's Clutch Division makes the world's most complete line of automatic and manual clutches, under the Mercury and Edgemont trade names. And its Jack Division, also head-

quartered here, makes heavy-duty Spun Steel Jacks for trucks and trailers.

Other items made by Automatic Steel Products subsidiaries include tube assemblies, brakes, prefabricated shower stalls, bathroom equipment and cabinets, convactor and baseboard radiators, and synthetic rope for industry, marine use, and the nation's armed forces.

Thousands of tons of steel are fabricated each year by the company's 600 Canton employees, many of whom have more than a quarter-century of service. Although much of the production is handled automatically on machines developed by ASP's own engineers, careful hand-work is involved in assembly, and each product is thoroughly inspected.

**THE E.W. BLISS COMPANY**

Established as a press builder in 1857, the E. W. Bliss Company soon became a major supplier of metalworking presses, can-making machinery and rolling mills. While maintaining its leadership in these fields, Bliss expanded through product development and acquisition and today is equally well-known for its mill rolls, timers and counters, traffic control and alarm systems, ball valves, firefighting equipment, aircraft launching and recovery equipment, and aerospace products.

One of the 500 largest U.S. corporations, Bliss has plants operating in eleven United States cities and five other countries. Total employment approximates 8000. The company is organized into six operating groups — Rolling Mill, Press, Light Manufacturing, Defense Manufacturing, Engineering Research and Development, and International Operations.

A leading exporter, Bliss holds the President's "E" Award for excellence in that field. In addition to its offshore facilities and licensees, the company has representation in most major countries.

During the past few years, Bliss opened new manufacturing facilities in Canada, Australia, and Israel, supplementing long-established operations in France and England.

In 1965, the company's enlarged engineering research and development group moved to a new center in Swarthmore, Pa.

## An idea can go through anything

Here's a close-up of our new \$5,000,000 facility called Timken Research.

We expect great ideas to come out of this building

It's located outside Canton, Ohio, about ten miles from our headquarters and main plant

Timken Research is one of the largest research and development centers in the bearing industry. Here we match up tough problems and inquisitive people. Problems we'll have forever. But how about people?

Who'll be pushing pencils through tomorrow? Maybe you . . . if you stay in school, if you stick to your studies. Career opportunities in research, in engineering, in whatever, are open to those who work. And closed to those who won't

Remember that unemployment among dropouts is twice that of the general population. And dropouts stay unemployed longer.

Stay in school. Give yourself a chance to get your ideas through. The Timken Roller Bearing Company, Canton, Ohio.
